Master Services Agreement

This Master Services Agreement governs the Customer's access to and use of the Provider's services under one or more Order Forms.

1. Services. The Provider will make the services available to the Customer during each subscription term in line with this Agreement and the applicable Order Form.

2. Customer Data. The Customer keeps all rights in the data it submits to the services. The Provider processes that data only to provide the services and as the Data Processing Addendum describes.

3. Confidentiality. Each party will protect the other's confidential information with the same care it uses for its own, and no less than reasonable care.

4. Term and Termination. This Agreement runs until every Order Form under it has expired or been terminated. Either party may terminate for a material breach that is not cured within thirty days of written notice.

5. Warranties. The Provider warrants that the services will perform materially as described in their documentation during each subscription term.

6. Limitation of Liability. Neither party is liable for indirect or consequential damages arising out of this Agreement.

7. Entire Agreement. This Agreement, together with each Order Form and the Data Processing Addendum, is the complete agreement between the parties on its subject matter and replaces all earlier proposals and understandings.

8. Counterparts; Electronic Signatures. This Agreement may be signed in counterparts and by electronic signature. Each counterpart is an original, and together they form one instrument.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.
